0033	03-10-2000	<p>MINUTE ENTRY DATED MARCH 6, 2000</p> <p><u>SUMMARY</u>: Status hearing of March 6, 2000. (1) PROPOSED PRETRIAL ORDER NO. 5 – the Court referred to Draft Pretrial Order NO. 5 re Notice of Hydrographic Survey Reports, Section 5 and stated that the notice of the objection period for a final HSR should be sent to all claimants in the general stream adjudication. ADWR stated the requirement that the objection notice be sent to all non-claimant water users within the geographic area covered by the report. ADWR further agreed that the 120-day Notice of filing final HSR should not be ordered sent to all claimants in the adjudication. (2) NOTICE TO ALLOTTEES OF GRIC HSR AND ROOSEVELT SETTLEMENT – Gila River Indian Community stated that they will be working with the Bureau of Indian Affairs and the Department of the Interior to identify the allottees and the claims made by the allottees. A report on the status of allottee identification will be made at the next status conference. Further indicated that because of other priorities, no action need be taken at this time on the Roosevelt Settlement, Case No. W1-205. (3) PREPARATION OF HSR'S FOR NON-INDIAN RESERVED RIGHTS CLAIMS – the United States presented to the Court an outline and information on the non-Indian federal reserved rights claims in the San Pedro Watershed. The United States further states its opposition to the issuance of a San Pedro HSR, as a final HSR for the San Pedro watershed was published in 1991. ADWR estimates that it would take three years to revise the San Pedro HSR and expresses concern that Issue #2 should be resolved before the HSR is revised. The Court asked the parties to consider whether any HSR's for non-Indian federal reserved rights claims could be initiated. The Court directs the Steering Committee to prioritize federal law claims and issues to be determined which are not dependent on Issue No. 2, and present its proposal for proceeding on those issues at the next status conference. The Court further directs GRIC to submit the allottees information to ADWR and for ADWR to develop by the next status conference a timeline on how to proceed with notice to the allottees on the GRIC HSR. (4) APPOINTMENT OF A SETTLEMENT JUDGE FOR THE GILA RIVER ADJUDICATION – the Court stated that parties in the Upper Gila River System settlement talks requested of Judge Michael Nelson that he facilitate the settlement negotiations. The Court explained that this request occurred at the same time the Court was inquiring of Judge Nelson whether he would be willing to consider acting as a settlement judge in this adjudication. Judge Nelson was subsequently appointed as a settlement judge for the issues under discussion in the Upper Gila River System. City of Phoenix expressed concern that there was no advance notice of Judge Nelson's appointment. (5) RECENT CAWCD SETTLEMENT – in response to question posed by the Court, the Central Arizona Water Conservation District, stated that a settlement has been entered between the federal government and the CAWCD to reduce the State's CAP debt. (6) GRIC'S SUPPLEMENT TO JOINT MOTION FOR STAY IN W1-203 AND W1-206 – after discussion with counsel and there being no opposition thereto, the Court orders adopting the schedule, in part, set forth on page 2 of the Supplement to Joint Motion for Stay. Schedule in Minute Entry. (6) DEADLINES IN W1-206, THE PRECLUSIVE EFFECT OF GLOBE EQUITY DECREE – after discussion with counsel, court grants an additional 60 days to file supplemental disclosure by all participating parties, motions for summary judgment, responses and replies. Dates in Minute entry. (7) APPLICATION TO APPEAR PRO HAC VICE SUBMITTED BY LESTER TAYLOR – the Court directs Mr. Taylor to clarify why he requested to appear for the Hualapai Tribe is no statement of claimant has been filed. Mr. Taylor can appear and be part of the Court-approved mailing list only if his client intends to submit to the jurisdiction of this Court and file its claims. (Continued on next page).</p>
