

Remote Records Access for Court-Support Providers

Attorneys appointed as arbitrators, special masters, hearing officers, judges pro tem, or guardians ad litem may now get remote access to court documents through the Electronic Court Record Online (ECR Online).

Register with ECR Online if you are not already registered. Email a copy of the appointing order to the eFile support email address (efilesupport@cosc.maricopa.gov) or fax to 602-372-8751.

In the email or fax, request to add the case to the appointed attorney's "My Cases" list in ECR Online. Include the case number and attorney's name as well as preferred contact information in case Clerk staff need to follow up.

Clerk staff will manually add the case number to the attorney's list of cases in ECR Online and will email confirmation to the attorney, typically by the next business day.

Viewing documents online eliminates the need to travel to the Clerk's Office for paper copies and provides access to the most up-to-date records. Register for the ECR Online at: <https://ecr.clerkofcourt.maricopa.gov/login.aspx>.
