PRINTING INSTRUCTIONS FOR THE CASE HISTORY INDEX

The Case History Index has been divided into six sections. You may view or print the entire document or only that section that is relevant for your current needs. The Case History section contains a glossary of terms and several special interest areas for those seeking a more complete view of the history of records in the custody of the Clerk of Court's Office. It also contains specific information on how to research case categories that have exception requirements.

The Adult, Juvenile and Marriage License Index sections are listings of all Superior Court cases by category, number and year, along with their totals and growth percentages from year to year.

The Adult and Juvenile Charts are supplied as visual attachments to the information supplied in the Case History index, offering different interpretations of the data and how some of the Index information relates to Maricopa County population growth.

MARICOPA COUNTY – CLERK OF SUPERIOR COURT

JEFF FINE

The Clerk of Superior Court's Office was established by the Arizona Constitution as an elected office with specific and special duties, primarily to serve as the official record keeper and financial officer for the Superior Court. The functions of the Clerk of the Court satisfy more than 500 state statutes and court rules. One of the major functions for which the Clerk is responsible is to receive, distribute and preserve official records for all Superior Court actions; i.e., civil, criminal, juvenile, probate, tax, and domestic relations matters.

The Case History Index was originally created to show the yearly growth percentage for cases filed with the Clerk of Superior Court's Office. It has since evolved to include some historical information, and provide location and access information, as well as summary figures, for each case category. Additionally, in late 1997, the Clerk's Office, with Superior Court, developed a Web site for access to the Clerk's Office Docket.

...The office of the Clerk can be traced back to the year 1272 AD in the History of Corporation of Old London. In the 1500's in England there was not only the Towne Clarcke, but also the Clerc Comptroller of the King's Honorable Household. In 1603, there was a Clarke general of the Armie. King Henry VIII had a Clarke of the Spicery.

When the early colonists came to America, they set up forms of local government to which they had become accustomed, and the Office of the Clerk was one of the first established. The colony at Plymouth appointed a person to act as the recorder.

Over the years, Clerks have become the hub of the government, the direct link between the residents and their government. Their Clerk is the historian of the county, for the entire recorded history of the county and its people are in his care.

On March 21, 2006 Supreme Court Administrative Order 2006-029, Arizona Code of Judicial Administration 3-402: Superior Court Records Retention and Disposition was signed replacing Administrative Order 1991-013. A.R.S. 41-1339 requires Superior Court Clerks to transfer permanent files to the Director of the Arizona State Library, Archives, and Public Records (ASLAPR) at the end of their prescribed retention period pursuant to court rules. Rule 29, Rules of the Supreme Court requires the court to adopt retention and disposition schedules and purge lists for the court records. Extensive background work spanning the course of several years established a more efficient and effective guide for preserving for the official record for all Superior Court actions, as is reflected in this new Administrative Order, as well as becoming the forefront leading towards the electronic court record.

**1/1/07 Initiative
(Supreme Court Administrative Order 2006-96)**

January 1, 2007 was a significant milestone for the Clerk's Office. It was the day that Clerk of the Court, Michael Jeanes, implemented an end to placing paper documents received into hard copy files (adult case types only), eliminating the need for folders to be created and maintained for cases filed on and after 1/1/07. Instead, the paper documents filed are scanned, audited, and then disposed of after a series of quality checks for accuracy are completed. To achieve this major goal, the Office obtained Supreme Court Administrative Order 2006-96 authorizing the Clerk of the Superior Court in Maricopa County to dispose of certain paper filings after their electronic image is captured and maintained, ensuring the Office complied with all minimum standards and requirements for access, availability and retention while maintaining multiple electronic backup systems to access and preserve active and archived court records; thus, recognizing the Electronic Court Record (ECR) as the original. Pursuant to the Order, the "original" document is the electronic image of that document as maintained in the Clerk of the Superior Court's Electronic Document Management System (EDMS).

As a result of this progress, customers who request a file from 2002 to the present date are referred to the Public Access Terminals available at customer service locations to view the record. The hard copy file is no longer pulled from the fileroom, as it would not represent the complete record. Some documents exempt from this process, pending further order of the court, include lower court appeals documents, original administrative records under review, paper bonds, wills, criminal sentencing minute entries, juvenile documents, water documents, and depositions and transcripts.

In accordance with the Administrative Order, the Office disposed of the first box of court documents in March 2007. The box contained 2,500 documents and 6,000 pages. Paper documents placed in hard copy files fill hundreds of shelving units that require a tremendous amount of space and maintenance with required staffing levels to process and transport requested case files and documents to court divisions and various other customers. Disposing of paper documents saves a significant amount of storage space for the Office, along with associated cost for the County. By ending the operational demand of pulling and delivering court case files that are now available electronically, the Office is able to focus its resources on better managing access to the electronic court record and on processing the increasing number of Superior Court filings. "Transporting" these documents or case files is now performed at the click of a button allowing a multitude of customers to access electronic court records simultaneously; a most efficient and effective process for providing access instantaneously and a "win-win" situation for all.

Based upon the continued ongoing success of this initiative, the Clerk received authorization from the AOC to rely on electronic images of court records in lieu of paper case records on September 20, 2011. Accordingly, there is no longer a need for an Electronic Court Record Pilot Project in the Superior Court in Maricopa County.

MARRIAGE RULING

The Federal Court ruled that Arizona's constitutional and statutory definitions of marriage as one man and one woman is unconstitutional under the United States Constitution. Effective October 17, 2014, Clerks of Superior Court around the state began issuing marriage licenses regardless of the applicants' gender.

GENERAL STREAM ADJUDICATION (WATER CASE) DIGITALIZATION PROJECT

This initiative, and the extensive amount of work poured into digitizing this massive General Stream Adjudication Case – “The Water Case”, contributed most significantly to the ability and position of the Judicial Branch and the State of Arizona in determining water rights, affecting various state agencies and thousands of parties throughout Arizona with a vested interest in these proceedings. In 2019, HB2747 made appropriations to the Clerk of Court of approximately \$250,000 to digitize all paper documents associated with the Water Case, while the Superior Court simultaneously received funds to create an electronic case management system; thus, providing the ability to manage and resolve critical water related issues expeditiously utilizing these newly digitized electronic court records. The Project began in January 2020 and was completed by April 2020 with the primary focus on contested files relating to the San Pedro – Watershed #11 and the W1, W2, W3, W4 Consolidated original case, but included all officially designated contested cases. At this time, digital copies are not available for public viewing; however, copies can be obtained, upon request, by contacting the COC Water Case Clerk.

MARICOPA COUNTY LANDMARK, RENOWNED, AND HISTORICALLY SIGNIFICANT CASES

MIRANDA CASE: In 1963, Ernesto Miranda was accused of kidnap and rape and was arrested in Phoenix. Miranda was subsequently found guilty and sentenced to 20 years in prison. This conviction was appealed all the way to the United States Supreme Court. In 1966, Miranda and three similar cases were joined and in a landmark decision, the Supreme Court determined that an accused individual has the right to remain silent and that prosecutors cannot use statements made by the accused while in police custody, unless the individual has been advised of their rights. The case numbers for the Miranda case are CR41948. These files are available on microfilm at CSC. Some exhibits are at the State Archives and some are at the U.S. District Court.

WINNIE RUTH JUDD CASE: Also known as the "Trunk Murderess Case", it began in Phoenix in 1931 when Winnie Ruth Judd was accused of killing two women she had known for some time as neighbors and roommates. The purported motive was jealousy over a local businessman named Jack Halloran. The bodies of the murdered women were cut into pieces, packed in trunks and shipped to California where a railroad baggage handler noticed a peculiar odor and saw leakage from the trunks. Winnie Ruth Judd was arrested and stood trial in Arizona. She was found guilty on February 8, 1932, although she maintained that her actions were taken in self defense. Jack Halloran was indicted but not convicted. Judd was committed to the Arizona State Hospital. She escaped twice in 1939, once in 1947, once in 1951, and twice again in 1952. A grand jury recommended that her death sentence be commuted to life imprisonment in 1952. In 1962 she escaped to California where she lived until 1969, when she was discovered and extradited to Arizona. She was pardoned by Governor Jack Williams in 1971. The case numbers involved are CR11333, CR11340, and CR11342. The files are available on microfilm at CSC. Original records and exhibits are available at the State Archives.

THE GILA RIVER ADJUDICATION (W1, W2, W3, AND W4 CONSOLIDATED): The Water Case, as it is known, became a judicial proceeding in April 1979 when a petition to determine conflicting water rights, filed by the Salt River Valley Water Users' Association, was transferred from a state agency to the Maricopa County Superior Court. The case was initiated in order to resolve the issue of who has what rights to surface water and appropriate groundwater in Arizona. Originally, the only watershed involved was W1, the Salt River Watershed. In November 1981, the following watersheds were consolidated into W1: W2, Verde River; W3, Upper Gila River; and W4, San Pedro River. STATE OF ARIZONA V. JOHN HENRY KNAPP, CR78779: On November 16, 1973, a fire in the Mesa residence of John and Linda Knapp claimed the lives of their two infant daughters. John Henry Knapp was accused of setting the blaze with Coleman fuel and charged with two counts of first-degree murder. He was tried in August 1974 but the jury was unable to reach a verdict. A second trial commenced in October, and on November 19, the jury found Knapp guilty on both counts of murder. On January 6, 1975, he was sentenced to death in the gas chamber and transported to the Arizona State Prison to await execution. His conviction was affirmed by the Arizona Supreme Court on March 9, 1977. After a series of appeals, a fifth petition for post-conviction relief was granted on February 11, 1987, vacating Knapp's conviction and sentence and granting him a new trial. Research over the intervening twelve years had the phenomenon of "flashover", in which the damage from a high temperature fire mimics that of one set using an accelerant. This gave substantial weight to the theory that the fire could have been set accidentally by the girls themselves. However, much of the state's tangible evidence had by that time been destroyed, and the Attorney General's Office was unable to proceed to trial. The case was dismissed with prejudice on December 21, 1987. The case may be viewed on microfilm at CSC. Original documents are at CSC.

THE SOUL CASE, P58416: On January 2, 1946, James Kidd executed a holographic will which states in part: "*sell all my property...and have this balance of money to go in a research or some scientific proof of a soul of the human body which leaves at death I think in time their can be a Photograph of soul leaving the human at death.*" On proof that Kidd has absented himself from Maricopa County for such a period of time as to be presumed dead, the will was admitted to judgment by the bank. Judge Robert L. Myers declared that Kidd's will created a valid, charitable testamentary trust, and set for hearing the petitions of those individuals and organizations who sought distribution of the estate for the purpose of engaging in research under the terms of the will. One hundred thirty three claims were made, and from June through October 1967, over one hundred written and oral testimonies were heard in Superior Court. On November 7, 1967, Judge Myers signed an order appointing the Neurological Sciences Foundation of Phoenix as trustee. At that time the estate was valued at roughly \$200,000. However the decision was appealed to the Arizona Supreme Court who reversed and remanded the Superior Court's decision on January 19, 1971. Judge Myers subsequently ruled that the trust be granted to the American Society for Psychical Research, who as trustee conducted its research on its Hypothesis of Post-Mortem Survival until the funds from the Kidd estate were depleted in May 1975. The case may be viewed on microfilm at CSC.

PUBLIC FIDUCIARY VS ARIZONA STATE HOSPITAL, DEPT OF HEALTH SERVICES (SARNS CASE) CV432355: This case was filed in 1981 as a class action lawsuit alleging that the State and Maricopa County did not fund a comprehensive mental health system as required by A.R.S. §§ 36-550 through 36-550.08. In 1986, the trial court agreed with the class members and entered judgment against the State and County. The Arizona Supreme Court affirmed the judgment in 1989. Since that time, the Court continues to oversee the status of the case, compliance issues raised and the parties' stipulations. There are approximately 18,000 people in Maricopa County with a serious mental illness whom are plaintiffs and affected by this case. The Governor and county officials are defendants. Throughout the years, the issues in the case have been continually reported in the news media. The case may be viewed at CSC.

STATE VS. EVAN MECHAM, CR 1988-000246: Evan Mecham was Governor of Arizona at the time of his indictment on 6 felony charges on January 8, 1988. In the interim, he was impeached by the Arizona House. On June 10, 1988, Mecham was acquitted of all criminal charges. The case may be viewed at CSC.

STATE VS. O'BRIEN, CR2003-016197-001; On June 14, 2003, the defendant was driving eastbound on Glendale Avenue, approaching 19th Avenue when he struck a pedestrian crossing the roadway. The pedestrian died as a result of being hit by the defendant's car, as well as another unidentified vehicle that was apparently following behind the defendant. The defendant failed to stop at the scene of the collision and render aid as required by A.R.S. §§ 28-661 and 28-663. Several witnesses observed the incident and one witness obtained the license plate number of the involved vehicle. Further investigation revealed the vehicle was registered to the Roman Catholic Diocese and was assigned to Bishop O'Brien. When police contacted him at his residence two days after the accident, he stated something had hit his windshield, but he did not know what had happened. He admitted he did not stop after the incident, noting he did not believe there was any reason to do so. He also stated church officials had previously contacted him to inform him his vehicle had been involved in a hit and run fatality. He did not personally contact police, thinking they would contact him. The defendant allowed detectives to inspect his vehicle, and blood, hair, and tissue from the victim were found in and around the damaged areas. The defendant was interviewed further and he was taken into custody. On March 26, 2004, the defendant was sentenced to serve four years supervised probation and perform 1000 hours of community service. The court elected not to require the defendant to serve an initial term of incarceration, but rather deferred a six-month jail term which was ultimately deleted from the defendant's sentence based upon satisfactory performance while on probation. The case may be viewed at CSC.

TEE TIME ARRANGERS, INC VS. VISTOSO GOLD PARTNERS, LLC, CV2004-013105: Tee Time, an Arizona corporation, created and operated a discount golf card program called the Tucson Resort Golf Card from 1991 to 2001, which offered golfers the chance to play "high-end" or elite golf courses at reduced rates during off-peak times. The program utilized an annual written Participation Agreement that included an exclusivity provision that typically allowed for limited exceptions contingent on Tee Time's consent. Ultimately, the management of several of these golf courses formed the Tucson Golf Alliance (TGA), which in turned developed their own discount card (Southern Chapter Card) which was affiliated with and administrated by the Southern Chapter of the Southwest Section of the PGS (SWSPGA). Tee Time was subsequently informed that several of the (TGA) members was considering switching from their discount card to another discount card (the Southern Chapter Card). By late summer 2000, many of TGA members had chosen not to participate in Tee Time's program and instead signed agreements to participate in the Southern Chapter Card program. Although more than a dozen southern Arizona golf courses, including some of the more desirable courses, chose to participate in Tee Time's program for the 2000-2001 golf season. Tee Time maintained that the number of quality participants was insufficient for their discount program to remain viable. On July 7, 2004, Tee Time sued alleging three claims based on violations of Arizona's Uniform State Antitrust Act. On February 13, the court entered judgment in favor of the defendants. On March 7, 2007, Tee Time filed a timely notice of appeal. On February 8, 2008, the trial court's judgment was affirmed by the Arizona Court of Appeals. This case may be viewed at CSC.

CR1989-012123, charging Robison alone with First Degree Murder, was heard as a severed case until March 1992, when it was ordered consolidated with this case. Robison eventually was acquitted on all charges in December 1993 and ordered release from these case numbers only. He remained incarcerated due to a conviction on an unrelated matter. In January 1994, Dunlap was sentenced to Life without possibility of release until completion of 25 calendar years on Count I and to two years on Count II, to be concurrent with Count I. The Court of Appeals affirmed these sentences in February 1997.

CR MISC, 2007 NT: In August 2007, Special Prosecutor Dennis Wilenchik issued grand jury subpoenas, originally conducted under grand jury file 430-GJ 97, compelling New Times Media, L.L.C. to release various documents concerning nineteen categories of information. The Court ordered the file unsealed in October 2007 stating the motions and hearings held to date revealed nothing about the grand jury proceedings. At a November 2007 hearing, the Maricopa County Attorney's Office (MCAO) disclosed that the special prosecutor created the subpoenas, without prior authorization from the grand jury, which were then stamped and issued by the Clerk of the Court. The MCAO further stated that the subpoenas were issued pursuant to A.R.S. §13-4071(B)(2), which does not require a request by the grand jury or notification to the foreman and presiding judge. The Court ruled that this was an incorrect reading of the A.R.S. paragraph further stating that the county attorney has no common law power to subpoena witnesses and documents before a grand jury without the prior consent of the grand jury. The Court ruled that the subpoenas were not validly issued. Grand Jury file 430-GJ97 was then designated as CR MISC 2007 NT with all original documents now retained under the new case designation. IN THE MATTER OF PAUL L. GAULT AND MARJORIE GAULT, FATHER AND MOTHER OF GERALD FRANCIS GAULT, A MINOR, FOR A WRIT OF HABEAS CORPUS, CV164769: Paul L. Gault and Marjorie Gault filed a writ of Habeas Corpus with the Arizona Supreme Court in August 1964 seeking release of their son, Gerald who was committed by the Gila County Juvenile Court to the Fort Grant Arizona Industrial School. The Gaults claimed they were not informed of any of their rights to include the right to counsel, to subpoena witnesses, and to a warning of the possible consequences of a finding of delinquency. Earlier that year, Gerald was found delinquent on a different charge and was informed that if he came before the court again and was found to be delinquent, he might be committed. The Gaults further contended that the state juvenile code was unconstitutional because it failed to provide for adequate notice of the alleged act of delinquency and failed to provide for proper notice of a juvenile hearing sufficiently in advance. The Arizona Supreme Court denied the petition and ordered the matter be heard by the Superior Court of Maricopa County. The Superior Court dismissed the petition, discharged the writ, and remanded Gerald to the appropriate authorities at the Fort Grant Arizona Industrial School. In November 1965, the Arizona Supreme Court affirmed the decision. The case was subsequently argued before the United States (US) Supreme Court during the 1966 October Term and in May 1967, the US Supreme Court reversed the judgment and remanded the case back to the Arizona Supreme Court. In June 1967, the Arizona Supreme Court ordered the Superior Court, based on the US Supreme Court's mandate, to hear the case again. The matter rested when Judge Hyder of the Maricopa County Superior Court indicated that he had no authority to mandate the Superior Court of Gila County. This case may be viewed at CSC.

In September 2009, the court entered a judgment in favor of the Defendants. The Plaintiff appealed to the Court of Appeals. In October 2010, the Court of Appeals affirmed that the Board may, on its own initiative, employ outside counsel to represent and advise the Board whether the County Attorney has a conflict of interest with the Board and if it is appropriate to file actions for declaratory judgment. The Court of Appeals also affirmed that the Board may divest the County Attorney of his duty to represent the County on a case-by-case basis when the County Attorney is unavailable due to a conflict of interest. The case was remanded back to the Superior Court to determine which specific matters have a conflict of interest. A stipulation for dismissal was filed and the case was dismissed in February 2011. This case is related to CV2008-033193. This case may be viewed at CSC.

DR SANDRA DOWLING, IN HER OFFICIAL CAPACITY AS SUPERINTENDENT OF SCHOOLS, MARICOPA COUNTY, ARIZONA VS. DON STAPLEY, FULTON BROCK, ANDREW KUNASEK, MARY ROSE WILCOX, AND MAX W. WILSON IN THEIR OFFICIAL CAPACITIES AS MEMBERS OF THE BOARD OF SUPERVISORS, MARICOPA COUNTY, ARIZONA, LC2006-000370-001: Sandra Dowling filed a Complaint in June 2006 alleging that the Maricopa County Board of Supervisors did not have legal authority to adopt a resolution that would close the Maricopa Regional School District and accommodation schools for homeless children. She said that the Superintendent of Schools has sole discretion to establish an accommodation school. In June 2006, the Court awarded summary judgment in favor of Sandra Dowling. The judgment ordered that the resolution was void because the Board of Supervisors exceeded its legal authority in adopting the resolution and that the superintendent is vested with the power to establish accommodation schools. The Board appealed the ruling. In December 2003, the Court of Appeals affirmed the Court's decision that the resolution was void due to the Board not having the authority to unilaterally declare no services pursuant to §15-308(B) when no monies were needed; however, the Court of Appeals said that the two parties must work collaboratively when monies are needed. The Superintendent has permissive authority to establish accommodation school services and the Board has the authority over the funding and an intergovernmental agreement is necessary. This case may be viewed at CSC.

This case is

connected to the criminal indictments filed against Supervisors Donald Stapley (CR2009-007891) and Mary Rose Wilcox (CR2009-007892). This case was dismissed on May 12, 2011 pursuant to a stipulated notice of dismissal filed January 26, 2011. This case may be viewed at CSC.

Peek was indicted in June 2002 and upon accepting a plea agreement, was sentenced in February 2003 on two amended counts of Attempted Child Molestation. He received a 10 year sentence on the first count and lifetime probation on the second count to begin after his release from prison. Peek appealed the lifetime probation and in December 2008, the Court of Appeals vacated the second count stating the statutes in effect when the crimes were committed did not authorize lifetime probation for attempted child molestation. The case was remanded back to the Superior Court and in March 2009, Peek was resentenced to five years' probation on count two to begin upon his absolute discharge from prison. This case may be viewed at CSC.

STATE, EX REL. ATTORNEY GENERAL TERRY GODDARD VS. WESTERN UNION FINANCIAL SERVICES, INC, CV2010-005807: In February 2010, a Settlement Agreement between the State and Western Union Financial Services was approved by the Court announcing Western Union would fund an extensive anti-money laundering undertaking in Arizona as well as participating surrounding states. An Amended Settlement Agreement was approved by the Court in January 2014. In March 2014, the amended agreement was modified stating the participating states may execute separate agreements with Western Union regarding the provision of data for transactions. The modification also extended the agreement for an additional five years. This case may be viewed at CSC.

JOSEPH M. ARPAIO, IN HIS OFFICIAL CAPACITY AS MARICOPA COUNTY SHERIFF VS. MARICOPA COUNTY BOARD OF SUPERVISORS, AND ITS MEMBERS, FULTON BROCK, DON STAPLEY, ANDREW KUNASEK, MAX WILSON, AND MARY ROSE WILCOX, IN THEIR OFFICIAL CAPACITIES AS MARICOPA COUNTY SUPERVISORS, MARICOPA COUNTY, CV2009-010400: Maricopa County Sheriff Joseph Arpaio filed a Complaint in April 2009 claiming a directive approved by the Maricopa County Board of Supervisors (Board) regarding public records requests—specifically the use of an “Internal Information Request” form—violated Arizona's public records statutes. County elected and/or appointed officials were now required to use this form when requesting information from another department. An Amended Complaint was filed in May 2009. The focus of this case then shifted to a September 2009 videotape detailing the arrest of County Supervisor Don Stapley, which occurred in a County parking garage. The Sheriff's Office, using the Internal

Information Request form, requested a copy of the videotape. They were told because of security concerns—in particular about the garage itself—the information was not subject to a request, but they were allowed to view the information at the Protective Services offices. The Board also filed a Motion for Temporary Restraining Order and Preliminary Injunction. This motion and subsequent motions and pleadings related to this motion were ordered sealed by the Court. In November 2009, the court granted the Board's motion ruling that the release of the tape posed a threat to the security of persons using the garage; the Sheriff's Office filed a Notice of Appeal. In February 2010, the Court formally signed the Order granting the Board's motion. The Sheriff's Office filed an appeal of the order as well. The Court of Appeals dismissed the appeal, with prejudice, in October 2010. This case may be viewed at CSC.

After a stay was granted in regards to CR2009-008332 (State v. Donahoe), Judge Mundell then filed a Notice of Stay in January 2010 claiming her counsel and the Maricopa County Attorney's Office (MCAO) had yet to meet as directed by a visiting judge in regards to resolving any issues with respect to the warrant. The MCAO stated in their Response, also filed in January 2010, that the attorneys did in fact meet telephonically in December 2009 and attached an exhibit summarizing their meeting. In February 2010, an Order was signed directing the Clerk's Office to assign a case number to this matter. This case is historically significant based on local public interest, and was part of an inter-county conflict occurring between 2008 and 2012. This case may be viewed at CSC.

In December 2012, Johnson was sentenced to 1.75 years and 3.5 years respectively concerning Counts 1 and 4, and regarding Count 3, she was placed on probation for four years, which was to begin after her release from prison. This case may be viewed at CSC.

HASH DIVORCES

HASH DIVORCES: In 1973, upon the death of attorney Vivian L. Hash, it was discovered that he had retained a large quantity of divorce decrees in his personal law office instead of filing them with the Clerk of the Superior Court because he was attempting to collect his legal fees. It was found that in each of the cases a trial was held, a divorce was granted, and a divorce decree was signed by the trial judge. An order was filed in P67632 ordering that a judgment be entered, *nunc pro tunc*, in each of the divorce cases found in Hash's office, with certain exception. Said judgment was to be entered as of the date that the trial judge signed each divorce case. In the event that a decree is not found when researching divorces for this time period, check with the following list to determine if the divorce is one of the ones whose decrees Hash retained. Decrees for these cases are on microfilm.

Alander, # 40725, both parties appeared on February 21, 1973 and disclosed that they had requested the decedent not file the decree because they had reconciled. In the cases of Sullivan v. Sullivan, # 8577, Stewart v. Stewart, #18073, and Moody v. Moody, #6450, the court found that the plaintiffs in each case had requested the decedent not file the decrees and that Mr. Hash had advised these clients their divorces would not be valid until the decrees were filed.

IN THE MATTER OF 1980 MARRIAGE LICENSE NUMBERS 80M04612 – 80M04635

The marriage licenses and affidavits for the following Book and Page numbers are unavailable for reproduction from microfilm. These licenses were recorded and inadvertently returned to the parties prior to filming.

The information taken from these licenses was entered into the Clerk's Office L-Index system on April 22, 1980. The names of the parties married, the Book and Page number and the date this data was entered into the L-Index is the only information currently available.

The following list of names and Book and Page numbers provide enough information to allow the Clerk's Office to create an abstract of the marriage certificate. As an abstract is requested by the parties the Clerk will obtain the date and place of marriage from one or both of the parties and enter this information into the Marriage License Database. This process does not affect the validity of the marriages.

Starting in 1987 all SEA cases begin with a (9), as in DR87- (9)0001. Southeast DR87-90001 through 97-97082 are on microfilm at CSC.

In 1987 Domestic Relations Cases were put on an automated Docket. The first DR case placed on Docket was DR87-09200. The first DR SEA case placed on Docket was DR87-91500. Access to the Docket via the Internet was instituted in late 1997. Customers are directed to the Clerk's Office home page address at <http://www.clerkofcourt.maricopa.gov> for access to the Docket.

Through 1999, cases on Docket are entered using 2 digits for the year and 5 digits for the remainder. Beginning with 2000, cases on Docket use 4 digits for the year and 6 digits for the remainder.

*Beginning 2/5/01, DR was replaced by FC (Family Court with Children) and FN (Family Court with No Children). All cases through 2/4/01 were filed as DR. The new alphabetical prefixes are part of a statewide trend in Family Court nomenclature. They are beneficial because they simplify document flow and case management for both the Clerk's Office and Court Administration. All cases that were filed through February 4, 2001 retain the DR designation.

Adoptions were filed in Probate from 1910 to the mid 1940's. Many adoption matters have been removed from the Probate files and Probate Docket Books and stored separately. However, many Probate rolls do contain adoptions and are not for public viewing. Consult CSC public records staff for assistance with this matter.

The actual count reflected in this index was generated by an audit and count of the historical Probate files.

When the Probate cases were filmed in the early 1970's many files were declared active at the time of filming. These active files were not filmed and remained in the file room for filming at a later date. Sometime in the early 1980's the files were believed to have been filmed and were inadvertently destroyed without ever having been filmed.

Downtown P1 through PB97-05332 have been filmed and are available for viewing at CSC. Southeast PB87-90001 through PB93-90957 have been filmed and are available for viewing at CSC.

Beginning in 1987 all SEA cases begin with a (9), as in PB87-(9)0001.

TOTAL MARRIAGE LICENSES						969,552
Marriage License index and locations are current through December 31, 2022.						
<p>*The final recorded number for marriage licenses under the Book and Page System is 98M15873. Beginning in October 1998, the Book and Page System of recording licenses was replaced with the Marriage License Abstract System, now known as ML2000, in which each license is recorded by its six digit identification number. Licenses are filmed monthly in numerical but not consecutive order; therefore, an exact count of licenses recorded after September 1998 is not the difference between the beginning and ending case numbers. Rather, it is reflected by the total number of entries recorded in the ML2000 database. The beginning number is not necessarily the first number issued for that year; the numbers posted are the first and last number listed on that specific yearly report.</p> <p>From 1871 through 1978, licenses were recorded in Docket Books. A marriage license number for that period consists of the docket book number and the page on which it was recorded, e.g., Book 10 Page 1234. Beginning in 1979, licenses were no longer recorded in Docket Books. The book number was changed to identify the year the license was recorded and the page number was changed to reflect the consecutive number given to the marriage license, e.g., 7900001. In 1980 an "M" was added to the number to distinguish it from other categories with the same numeric format, e.g., 80M00001.</p> <p>All marriage affidavits from 1884 through 1983 are on film, in alphabetical order by female maiden name. This includes affidavits for licenses which were returned and recorded, as well as for those which were unused and never recorded. Affidavits from 1984 to present are filmed with the corresponding recorded certificates or licenses. Unused affidavits from 1984 to present are filmed on a separate roll, alphabetically by male surname.</p> <p>The Clerk of Superior Court authorized the Litchfield Park City Court Clerk to issue marriage licenses on July 25, 2004. The Litchfield Park City Court Clerk's Office received marriage licenses in November 2004, numbers 383301-383382 and again in April 2006, numbers 415273-415372 for issuance. Of the total number of marriage licenses received by the Litchfield Park City Court Clerk (182 marriage licenses), 82 licenses were issued and 57 licenses have been recorded. As of April 13, 2006, the Litchfield Park City Court Clerk stopped issuing marriage licenses.</p> <p>Per A.R.S. 25-127, the Clerk of Superior Court authorized the Youngtown City Court Clerk to issue marriage licenses on October 15, 2008.</p> <p>The Federal Court ruled that Arizona's constitutional and statutory definitions of marriage as one man and one woman is unconstitutional under the United States Constitution. Effective October 17, 2014, Clerks of Superior Court around the state began issuing marriage licenses regardless of the applicants' gender.</p>						

The Juvenile Records section that follows appeared in the Case History Index for the first time with the 2003 edition. While Juvenile Adoption records information have been indexed back to 1934, all other categories have been indexed only back to 1968. Records for Juvenile case categories prior to 1988 are currently on microfilm. The Clerk's Office intends to add more index information on records prior to 1988 to forthcoming editions of the Case History Index.

All requests for access to juvenile records must go through the Juvenile Division of the Clerk of the Court for the reason that most juvenile records, files, exhibits and transcripts are confidential. Only the delinquency legal file of a juvenile born after January 1, 1977 is open to public inspection.

JUVENILE NOTIFICATION / MINOR ABORTION (JN)							
2003	JN 1000	JN 1011	12		JCC-DF		Juvenile Notifications commenced approximately July 24, 1982. Effective July 1, 1985, JN's were filed and heard at adult court instead of juvenile court unless there was also a delinquency or dependency. On July 25, 1985, 113 JN files were destroyed where the juvenile was over the age of 18. This was an "administrative destruction"; there were a total of 401 Juvenile Notifications filed at that time. On September 17, 1986, a memo from Judge Fidel approved the destruction of JN files after a juvenile reached the age of 18 and approved discontinuing indexing the cases effective immediately. In January 1987, 259 JN files were destroyed. At that time, only 29 files remained where the juvenile was still under 18 years of age; the last JN number used was JN-514. Presumably, that includes those filed at both juvenile and adult court.
